PROFESSIONAL SUMMARY

As a highly skilled and experienced Software Developer and Web Developer, I have a proven track record of delivering innovative and efficient solutions to complex problems. With over 5 years of experience in the field, I possess strong knowledge of various programming languages, frameworks, and technologies. My biggest achievement includes successfully leading a team to develop a web application that increased user engagement by 50%. I am also known for my strong analytical skills, attention to detail, and ability to adapt quickly to new technologies. With excellent communication and collaboration skills, I excel in working with cross-functional teams to deliver high-quality projects on time. My passion for learning and staying updated with the latest industry trends makes me an asset to any organization.

EXPERIENCE

• November 2022 - January 2024

Junior Software Developer

Nepal Insurance Limited / Nepal, Birtamod, Jhapa

During my time as a Junior Software Developer at Nepal Insurance Limited, I gained valuable experience in developing and maintaining software solutions for the insurance industry. I worked closely with a team of developers and learned how to effectively communicate and collaborate on projects.

- Collaborated on software development projects.
- Assisted in testing and debugging software.
- Contributed to the design and implementation of new features.
- Gained proficiency in various programming languages.

Devops

Purba Paschim Nepal Yatayat Pvt.Ltd / Nepal, Birtamod, Jhapa

Intern, DevOps

Purba Paschim Nepal Yatayat Pvt. Ltd, Nepal

September 2023 - February 2024

.

Actively contributed to the DevOps team at Purba Paschim Nepal Yatayat, gaining hands-on experience in implementing and managing continuous integration/continuous deployment (CI/CD) pipelines.

- Assisted in automating infrastructure provisioning and configuration management tasks using tools such as Ansible and Terraform.
- Collaborated with team members to improve monitoring and logging systems, enhancing the visibility and reliability of the company's applications and services.
- Participated in troubleshooting and resolving infrastructure issues, ensuring high availability and performance of production systems.
- Engaged in learning sessions and knowledge sharing activities, expanding understanding of DevOps principles and best practices.

CUSTOM

Community Engagement

Founded and led a coding club at Kankai Polytechnic Institute, organizing workshops and coding challenges to foster a culture of learning and collaboration among students. This initiative not only enriched the educational experience of peers but also demonstrated my leadership, communication, and mentoring abilities.
